REPORT OF THE TRUSTEES OF THE FULLER PUBLIC LIBRARY.

The Board of Trustees of the Fuller Public Library beg leave to submit the following report:

Books purchased during the year,	168 vols.
Books donated " " "	43 vols.
Whole number books in library,	2605 vols.

During the year books have been presented by Hon. J. F. Briggs, 19 vols.; Mrs. Susan E. Grey, 18 vols.; Mrs. F. E. Potter, 3 vols.; State of New Hampshire, 2 vols.; Mr. J. A. Hamilton, 1 vol.

Cash on hand March 1, 1889,	$5 14	
received from Selectmen,	180 00	
		$185 14
Cash paid for books,		180 91
Balance on hand March 1, 1890,		$4 23

Some additional expense has been incurred in fitting up the new room, which was unavoidable, owing to the growth of the library.

Respectfully,

CHARLES W. CONN,
MARCELLUS H. FELT,
FREEMAN C. ADAMS,
FRED W. FLINT,
WALTER J. FARRAH,
Trustees.

MARCELLUS H. FELT, Secretary.
Hillsborough Bridge, March 1, 1890.

REPORT OF THE SCHOOL BOARD.

In submitting our Report, as the school year closes, we feel confident in saying that the schools throughout the town-district, taken as a whole and averaged, have done *good work*. The lack of money raised, made the schools short, only one term in each Division, and in as few Divisions as possible, and in such a short time, but a limited advancement could be made; yet all was accomplished that could reasonably be expected. In several of the Divisions they saw the mistake in not making an appropriation, and had extra terms, by subscription, which exhibits a spirit to educate the rising generation. When people put their hands in their pockets, they are in true earnest. We think that those who vote against raising money for school purposes vote a much larger per cent. out of their own interests than their tax would be, besides robbing the children. "Ignorance" may be "bliss" in some instances; but certainly "Knowledge is power," and it is far cheaper to educate the youth at home, and better for numerous reasons. The Common School education is the foundation for greatness.

Look through the whole United States and see how many of our New Hampshire men are holding important offices. New Hampshire is more largely represented than any other state in the Union, and you know how it compares in size with the others. We are an ambitious people. The energy that it requires to get a living in New Hampshire develops a courage that tells for a lifetime, and is transmitted from generation to generation. Then give the youth a chance; they will be leaders, rulers, and maintain the already well earned reputation that "New Hampshire is a good state to emigrate from." Though many find their level at home; proving the exception

to the rule, that "A prophet hath no honor in his own country." We are only one town in the State, but constitute our part of the whole. And now will each voter look with interest upon the matter of schooling, and endeavor to see it in its true light, for the future? If we raise more men with the intelligence of Daniel Webster, Franklin Pierce, Benjamin F. Butler, Horace Greeley and many more that we need not mention, we *must* educate the children. Again we repeat it: Give them a chance, they will not disappoint us!

Division 2.

First term, taught by Miss Lora Abbott, with good satisfaction to all concerned. The parents in this district not only gave the fuel and teachers' board but also furnished funds to lengthen the term two weeks.

Second term, taught with very good and satisfactory results, by Miss Lelia Fiske, of Hillsborough. F.

Division 3.

Taught by Miss Julia A. Rice, of Henniker. Miss Rice came well recommended, and is a hard worker in the schoolroom, leaving nothing undone that she could do for the good of her pupils; but where a part of the scholars lack both in *energy* and *self-respect*, success is hard to attain. F.

Division 4 and 10.

Taught by Miss Angie I. Marcy, of Hillsborough Bridge. Miss Marcy is well known in town as a teacher, and is one of the best. Her methods are first class and both schools made rapid progress. To secure her services warrants a thorough, practical, hardworking teacher, who understands how to interest the pupils in co-operating with her. B.

Division 5.

School taught by Miss Jennie H. Hastings, of Hillsborough Centre. Length of term, 11 weeks; number of scholars, 8. The school appeared well at the close; the examination creditable. The Division furnished both wood and board, free. H.

Division 6.

This school was taught by Miss Lucy A. Eastman, of South Weare. Miss Eastman taught this school last year, doing great credit to herself and pupils. This year this Division contributed $129, which, combined with the school money, gave them three terms. We think that the money was well invested. The scholars worked hard, and seemed to realize that it was their time to work, while under the instruction of so able and impartial an instructress. B.

Division 8.

This school was commenced by Miss Anna L. Chamberlin, of East Washington, and failing to satisfy the scholars and their parents, was dismissed at the end of two weeks, and the services of Miss Effie S. Johnson, of Bradford, were secured. The result was a very good school, giving entire satisfaction to both scholars and their parents. Length of term, 12 weeks.

H.

Division 9.

Miss Carrie M. Proctor, of Hillsborough, teacher. This teacher was young in experience; yet she had the faculty of gaining the confidence and good will of both pupils and parents. The school made marked improvement. The examination at the close was very satisfactory, and exhibited hard labor by both teacher and pupils. This Division contributed $33. B.

Division 11.

Miss Fannie G. French, of Hillsborough Upper Village, teacher. This Division having previously been hard to please, seemed decidedly changed at this term, all being entirely satisfied as far as your committee has known. The school appeared at the close to be in excellent discipline and well advanced in all their studies; highly creditable to both teacher and pupils. Length of term 12 weeks. H.

Division 14.

Taught by Miss Flora B. Eastman, of Hillsborough, who, we think, gained the good will and affection of both scholars and parents. F.

Division 15.

Miss Alice M. Jackman, of the Lower Village, teacher. The best of order prevailed in this school; a very pleasant relation existed between teacher and scholars; and the progress made was all that could be desired. F.

Division 17.

Taught by Miss Alice M. Perry, of Hillsborough Center. A teacher of experience and well sustaining her previous reputation. Examination satisfactory. H.

Division 18.

Taught by Louise A. B. Wilkins, of the Center. This school appeared well at each of our visits and passed a very good examination at its close. F.

FRANK J. BICKFORD,
EDGAR HAZEN,
ALDEN P. FARRAR,
School Board of Hillsborough.

Report of the Board of Education Of Special School District,

HILLSBOROUGH BRIDGE.

The work of the past year has been satisfactory, and with the exception of the Winter term, equal to any of the preceding years. Near the close of the Fall term Mr. Scruton resigned the Principalship to engage in other business. The Board engaged Mr. W. R. Whitcomb of Springfield, Vt., for the balance of the year, who unfortunately, in common with a majority of the pupils in the several departments, became a victim of the prevailing epidemic of influenza, at the end of the third week of the Winter term, and school was adjourned for one week. Mr. Scruton kindly substituted for a few days, when Mr. Whitcomb, not regaining his health, tendered his resignation, which was accepted. With but little delay the Board secured the services of Mr. Isaac Copp, who comes to us after eight years' service as Principal of the Austin academy at Strafford, N. H., and is proving himself to be a competent and successful teacher.

Your committee commenced operations under the free textbook law, Jan. 1, 1890, but have done the least possible, under the act, for want of an appropriation with which to procure books and supplies.

M. H. FELT,

For the Board of Education.
